Peer Review Guidelines
Local Plans for the Education of the Gifted
2006 - 2011

NOTE: To assist in making necessary revisions, localities may request technical assistance on an individual basis by contacting Barbara McGonagill (Barbara.McGonagill@doe.virginia.gov), specialist, Governor's Schools and Gifted Education at 804/225-2884.

Level One Review: During this review the Department of Education will evaluate submitted local plans to determine that the following general guidelines apply:

_____ A. Each section of the division's plan presents clear, concise information about program services, following the format provided by the Department of Education.

_____ B. The plan and descriptions use standardized and consistent terminology paralleling the definitions and labels found in the *Regulations Governing Educational Services for Gifted Students* (amended February 1993).

_____ C. The plan includes the required supporting materials as outlined on page 25 of this document.

Level Two Review: Designated peer review teams will assess the divisions' documents. Team membership will be based on nominations received from superintendents through a Superintendent's Memorandum. At this level of the review, teams determine that the proposed plan indicates evidence that the division is complying with the *Regulations Governing Educational Services for Gifted Students*, which may be accessed at the following Web site: (<http://www.doe.virginia.gov/VDOE/Instruction/Gifted/gftplna.html#1Regs>).

Teams indicate the plan's compliance with the regulations by marking each item in the peer review sheets with one of the two following codes:

E = Evidence was found

NE = No evidence was found

The school division's designated gifted education coordinator will be provided with a copy of the completed peer review documents for the specific school division at the end of the peer review process.

Level Three Review: If necessary, the proposed plan will be returned to the school division personnel for specific revisions. Items marked as "NE" (no evidence was found) in the peer review documents must be modified to demonstrate compliance before the division's plan can be approved by the Department of Education.
